PART I

JUDICIAL.

Proceedings of the Government of His Highness the ***Maharaja of Mysore,*** *(Judicial),—dated 2nd February* **1893.**

READ :—

Letter No. 2015—465, dated 4th January 1893, from the Deputy Commissioner, Kolar District.

With reference to Government Proceedings No. 6249-8—J. F. 28-92, dated the 31st October last directing that Taluk Sheristadars should remain at Taluk Head-Quarters in Treasury charge invariably, I have the honor to state that an order absolutely prohibiting these officials from leaving the Kasbas will cause much inconvenience to the Amildars and will seriously affect the efficiency of the Taluk service.

2. The Amildars whose Criminal work is often very heavy, are at present materially assisted by their Sheristadars in the discharge of the undermentioned and other out-door duties, all of which cannot possibly be performed by them single handed, and the delegation of any part thereof to an official of a lower rank than a Sheristadar, is, for obvious reasons, inexpedient :—

(1) Conducting revenue sales of lands in cases where the Hobli Shekdars are, under the Rules, incompetent to hold the same.

(2) Inspection and examination of lands, &c, where such a course is necessary for the disposal of any claims or disputes in regard thereto.

(3) Inspection and measurement of Irrigation wells, for which large advances have been granted to the raiyats by Government.

(4) Inspection of tank and Local Fund works, taking final measurements, wherever necessary.

(5) Sales of amarayi, hulbanni, fisheries, &c., requiring to be held on the spot.

(6) Conducting the dithum Jamabandi of portions of the Taluks.

(7) Inspection of fields and Survey boundary marks according to Rules.

(8) Scrutinizing the proceedings of the Hobli and Village officials in regard to revenue collections.

3. I beg therefore to request that the Government will be pleased to pass orders authorizing the occasional absence of the Sheristadars in the interior of the Taluks, with a view to facilitate the punctual and efficient discharge of the public duties.

4. The Amildar will remain at Head-Quarters in Treasury charge while engaged in disposing of Criminal cases, and attend to the Registration work during the temporary absence of the Sheristadars on duty, for short periods. The itineration of the latter officials may generally be confined to the nearer Hoblis of the Taluks so as to admit of their presence being promptly secured at the Kasaba, in cases of urgent necessity.

No. 13249-51—J. 686, DATED, 2ND FEBRUARY 1893.

ORDER THEREON.—Government expect the Amildar himself to attend to all the work enumerated in para 2 of the above letter; but if it is absolutely necessary to depute the Taluk Sheristadar to do it, it must be by the Amildar relieving that officer of Treasury and Registration work, so that this may not suffer or be entrusted to subordinate officials like the Head Gumasta, and the Amildar shall not be entitled to any extra remuneration on that account.

Chief Secretary.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 2nd February 1893.

READ:—

Letter No. 414, dated 4th November 1892, from the Deputy Commissioner, Tumkur District, reporting the discovery of some Kanthirai Fanams in a pit at Chikkanhalli, in the Sira Taluk, and submitting a notification for publication in the Gazette.

No. 13531—J. 673 DATED, BANGALORE, 2ND FEBRUARY 1893.

ORDER THEREON.—The Notification is drawn up with reference to Section 5 (*a*) of the Indian Treasure Trove Act 1878, but this Act is not in force in Mysore. The Rules for the guidance of Courts in Mysore, in cases of Treasure Trove, are those contained in Notification No. 6, dated the 17th April 1867.

2. The notice sent by the Deputy Commissioner, for publication in the Gazette, will be returned for modification and re-submission with reference to the provisions of Section 3 of the Rules referred to.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.

READ:—

Letter from the Deputy Commissioner of the Hassan District, dated 4th February 1892, No. 792, soliciting orders in regard to the disposal of property left by one Chenna of Jodi Harehalli village in the Manjarabad Taluk, who died leaving behind him 2 boys and 1 girl, aged respectively 10, 6 and 4 years without any relations to take charge of them.

No. 14104-5—J. 746, DATED, BANGALORE, 15TH FEBRUARY 1893.

ORDER THEREON.—It is observed that the rules of 25th April 1872, relating to minors, are somewhat defective in that they do not provide for Deputy Commissioners or Amildars, under the orders of the Deputy Commissioners taking charge of property of a minor as a temporary measure in cases in which no relative or friend of the minor is forthcoming or willing to take charge of the minor and his property. The question will be referred to the Legislative Department for consideration and amendment, if necessary, of the existing law.

2. The instructions contained in the Circular of the late Commissioner, dated 6th February 1845,* seem to contemplate in cases of the kind under reference, the appointment of a person to take temporary charge of the properties of a minor; but those instructions have apparently been superseded by the Rules of 1872. The Deputy Commissioner is therefore requested to ascertain whether in the case now reported on by him, any relative or near connection of the minors is willing to take charge of them and their property. If no such person is forthcoming, there is nothing to prevent the Amildar, under the orders of the Deputy Commissioner, making the requisite application to the Civil Court, under Section 4 of the Rules of 25th April 1872. As the property left by the deceased Chenna consists of movables and no portion thereof is immovable, the application will be made by the Amildar not in his official capacity, but as the next friend of the minors.

REVENUE.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 1st February 1893.

READ :—

The following report on the condition of the Tumkur District for the fortnight ending the 15th January 1893, received with No. 616, dated 21st idem, from the Deputy Commissioner of Tumkur :—

I. HARVEST.—Punaji paddy, ragi, navane, haraka, horse-gram, green gram, black-gram, cow-gram, jolam, castor-oil seeds, pigeon pea and gingelly were harvested. Out-turn fair on the whole.

II. STANDING CROPS.—In fair condition.

III. FOOD GRAINS.—Markets are well supplied. There has been a slight fall in the price of food grains owing to the harvest.

IV. FODDER.—Available.

V. WATER.—Procurable; but some of the tanks are becoming empty. Report having reached that water difficulty had arisen in the Budihal Hobli of the Huliyar Sub-Taluk, an Officer has been sent to make minute enquiries and report with a view to wells being sunk.

VI. DEMAND FOR WORK.—There is no demand for work. Raiyats are engaged in their agricultural operations.

VII. GENERAL CONDITION.—Good.

No. 13201—R. F. 248-92, DATED, BANGALORE, 1ST FEBRUARY 1893.

ORDER THEREON.—Recorded.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Tumkur District.

READ :—

The following report on the condition of the Bangalore District for the fortnight ending the 15th January 1893, received with docket No. 53, dated 26th idem, from the Deputy Commissioner of Bangalore :—

AGRICULTURE AND CROPS.—The harvesting of paddy, tuvar, haraka, samé, horse-gram and ballar was going on during the fortnight under report and the out-turn is estimated to be average. Vaisakha paddy is sown in the Taluks of Dodballapur, Devanhalli, Bangalore and Hoskote. The Channapatna Amildar says that paddy crops under some tanks are withering.

SUPPLY OF FOOD GRAINS.—Markets are well supplied and prices have a tendency to fall

SUPPLY OF WATER.—In the interior of the District there is no anxiety about water for men and cattle, though small tanks in some places have run dry. There was 3 feet and 8 inches of water in the Dharmambudhi Tank, Bangalore, on the 15th January 1893. Wells are getting low, all that is needful is being done.

FODDER.—Available.

GENERAL CONDITION OF THE DISTRICT.—Satisfactory.

ALSO :—

The following report of the Officer in charge of the Closepet Sub-Division on the condition of the Sub-Division for same period received with the above :—

HARVEST OF CROPS.—Avare, togari, haraka and horse-gram reaped. The out-turn is reported scanty. Paddy is also being reaped in the Channapatna Taluk.

STATE OF CROPS.—The standing crop of sugar-cane in the Kankanhalli is reported to be thriving.

HEALTH.—Generally good. Slight attack of small-pox and fever in Channapatna Taluk and small-pox in Kankanhalli Taluk.

WATER-SUPPLY.—There is limited supply in tanks as well as in wells. In the Sub-Taluk of Closepet the current in Arkavati has ceased and pits are sunk in the bed.

PRICES OF FOOD GRAINS.—Slight fall in the prices owing to the harvest.

No. 13202—R. F. 264-92, DATED, BANGALORE, 1ST FEBRUARY 1893.

ORDER THEREON.—Recorded.

READ:—

Letter No. 223, dated the 19th December 1892, from the Officer on Special duty for the grant of loans for Irrigation wells.

With reference to para 19 of the Government Proceedings No. 8150-9—G. 1981-92, dated 11th instant, I have the honor to report that having left Bangalore in the month of September last on my Special duty, I went through the Maidan Taluks of Hassan, Kadur and Shimoga Districts before coming to Chitaldroog. The south-west monsoon having been exceptionally good in those Districts except at Arsikere and Channarayapatna, the people did not appear to me to be anxious to take advantage of the liberality of Government in granting loans on easy terms for Irrigation wells. Arsikere Taluk abounds with dry cocoanut gardens and the soil is not considered to be congenial for Irrigation wells, but at Channarayapatna the raiyats evinced interest in this direction. Amildar Mr. Ramanujaiengar who was then in charge of the Taluk was also of opinion that wells could be successfully made in portions of the Taluk and promised to take effective steps in the matter. The present Acting Amildar Vasudeva Rao who was personally asked to take interest in the matter applied for forms of applications, &c., and they have been supplied to him. I expect him to show some good result.

The advances made last year in the other Districts have not been as yet worked out. As it has already been brought to the notice of Government the south-west monsoon breaking out early during the year and heavy rains having fallen in the Kolar and Tumkur Districts as also parts of Bangalore, people that had obtained loans last year were not able to push on with their works. Even now applications for further extension of time are being received from those Districts supported by the several Amildars. In parts of Chitaldroog also, the early rain-fall was not altogether bad, not to speak of copious showers in some Taluks, and this tended to those working on the wells, giving up their work and turning their attention to Agricultural occupations. Hence the delay in the completion of the well works in this District also.

As these unfinished works which are not a few are being vigorously pushed on to completion with the help of all the available coolies, people are slow in presenting applications for fresh wells. Moreover the grant of loans being restricted to wells in dry lands, the demand in the current year is not so great as it was last year. I don't therefore consider it necessary to apply for further funds at least for the present

I have asked the several Deputy Commissioners to impress upon their Amildars the necessity of completing the works in their Taluks and also to induce raiyats to excavate fresh wells in addition to my issuing instructions to them in these matters.

No. 13203-11—R. F. 204-92, DATED, BANGALORE, 2ND FEBRUARY 1893.

ORDER THEREON.—Recorded.

2. The works for which advances have been granted should be pushed on and completed as early as practicable.

Excise Commissioner's letter No. 3594—197, dated 23rd December 1892, reporting with reference to this office No. 9028—R F. 62-92, dated 22nd idem that in spite of issue of instructions to the contrary some of the Deputy Commissioners continue to address the Government direct on Excise matters and that orders of Government are communicated to the Deputy Commissioners direct and requesting that necessary instructions may be issued to obviate the anamoly.

No. 13463-71—R. F. 62-92, DATED BANGALORE, 2ND FEBRUARY 1893.

ORDER THEREON.—Government are pleased to direct that in all matters relating to Excise, Deputy Commissioners will submit their reports to the Excise Commissioner in the 1st instance.

2. The Excise Commissioner's action as reported in para 3 of the foregoing letter in instructing the Deputy Commissioner to attach the collections in all the Toddy shops purchased by the defaulters in the Bangalore and Anekal Taluks and cause them to be remitted to the Taluk Treasury and to take other coercive measures by the attachment and sale of the property of the defaulters and their sureties, is approved. The precise manner in which the collections are supervised and remitted to the Treasury should be reported for the information of the Government.

3. The Toddy Rules have been issued.

The following docket No. 270, dated 3rd December 1892, from the Deputy Commissioner, Kadur District.

Adverting to the Notification of Government No. 183, dated 21st July 1891, publishing for information rules framed under Sections 4 and 10 of the Land Improvement Loans Regulation (IV of 1880) has the honor to request that the rules may be introduced in this District as well, as four applications for advance for the construction of wells have been received from raiyats in the Tarikere Taluk. It is not ascertainable on what date the Regulation (IV of 1890) and the rules framed thereunder came into force.

The rules published under No. D. 70A, appear as having had force only during the la scarcity in tracts classed as affected.

No. 13551-3—R. F. 184-92, DATED, BANGALORE, 2ND FEBRUARY 1893.

ORDER THEREON.—The Government of His Highness the Maharaja of Mysore are pleased to direct the issue of the following Notification on the subject of the Deputy Commissioner's reference above read:—

NOTIFICATION.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd February 1893.

READ :—

The following report on the condition of the Chitaldroog District for the fortnight ending the 15th January 1893, received with docket, Camp No. 14, dated the 19th idem, from the Deputy Commissioner of Chitaldroog.

During the fortnight under report there was no rain anywhere in the District.

STATE OF CROPS.—In the Chitaldroog Taluk, the standing crops consisting of white cholam, Bengal-gram, avare, wheat and cotton are partly dried up. The eventual out-turn would be comparatively small. Cholam and Bengal-gram sown in tank beds are in fair condition.

The crops harvested were ragi, cholam, togari, avare, cotton and navane, the estimated out-turn being from 4 to 8 annas in the Guntanur and Bharamasagar Hoblis and from 2 to 4 annas in the Hoblis of Chitaldroog and Turuvanur.

In the Challakere Taluk, the crops under kapile wells and nalas and those sown in tank beds are in fair condition. Castor seed and chillies together with togari were harvested and the yield was about from 4 to 8 annas in the rupee. Cotton and white cholam have suffered for want of sufficient moisture.

In the Hiriyur Taluk, the crops under kapile wells and streams are in fair condition and the dry crops are withering. The out-turn of dry crops harvested during the fortnight under report is estimated to be from 2 to 4 annas in the rupee. In the Holalkere Taluk, the dry crops have been harvested ; the out-turn being estimated at from 4 to 12 annas in the rupee in all the Summaths except Bharmanayakandurg Hobli where the yield was estimated up to 14 annas in the rupee.

The standing crops both dry and wet in the Taluks of Davangere, Jagalur and Molakalmuru are in fair condition and the crops harvested during the fortnight were togari, avare, chillies and castor seed ; the out-turn being estimated at from 6 to 12 annas in the rupee.

SUPPLY OF FOOD GRAINS.—The supply of food grains in all the Taluks of the District was sufficient. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog, Davangere and Jagalur. There has been no marked change in prices during the fortnight under report.

PRICES.—The market prices of different food grains at the Taluk Head-quarters of the District for the present and past fortnight are given below :—

Taluk.	Present fortnight, Seers per Rupee.			Past fortnight, Seers per Rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	10	32	30	10	34	30
Challakere	11	30	28	11	31	29
Hiriyur	10	25	20	9½	25	20
Davangere	10	31	30	10	33	30
Holalkere	10	32	28	10	34	30
Jagalur	9½	32	30	9½	32	30
Molakalmuru	10	28	25	10	28	25
Hosdurga	10	30	26	10	30	26
Harihar	10	32	30	9½	34	29

The markets were well supplied throughout the District.

SUPPLY OF FODDER AND WATER.—In all the Taluks of the District, the supply of fodder is generally procurable except in the parts badly affected, of which a report has

already been made. The raiyats of these parts get fodder from the places where it is available.

The pasture is scanty except in the unaffected Taluks of Davangere, Jagalur and most parts of Challakere, Molakalmuru and in the Hoblis of Bharmasagar and Guntanur of the Chitaldroog Taluk.

The water-supply is generally sufficient both for men and cattle except in the badly affected parts of the Chitaldroog, Challakere, Hiriyur and Holalkere Taluks, but wells have been provided for several of these places.

DEMAND FOR LABOR.—There was no demand for labor anywhere in the District. The laboring classes find ample employment in the fields and on works connected with Irrigation wells and Sagavali kattes.

GENERAL CONDITION OF THE DISTRICT.—The condition of the people in the District is good and that of cattle fair.

The following report on the condition of the Kolar District for the fortnight ending the 15th January 1893, received with No. 2288—531, dated 27th idem, from the Deputy Commissioner of Kolar:—

1. RAIN-FALL.—No rain.
2. STATE OF CROPS.—Standing crops are reported to be in a good condition; Vaisakha paddy, Bengal-gram, and jola were sown in parts. Kartika paddy, horse-gram and hutchellu were harvested in parts. Lands are being prepared for planting sugar-cane.
3. SUPPLY OF FOOD GRAINS.—Markets are well supplied.
4. FODDER-SUPPLY.—Procurable.
5. WATER-SUPPLY.—Procurable.
6. PRICES.—No material improvements in this respect. Food grains are still exported in large quantities to the adjoining Districts of Her Majesty's Territories.
7. DEMAND FOR LABOR.—Slack.
8. GENERAL CONDITION.—Good.

The Sub-Division Officer's report is hereto attached.

READ ALSO:—

The following report of the Officer in charge of the Chikballapur Sub-Division on the condition of the Sub-Division for the same period received with the above:—

There is no change to report in the prospects of the season. Sugar-cane is being crushed. Vaisakha paddy is being sown. Land is being got ready for sowing sugar-cane. Fodder and water are available. The condition of the cattle is satisfactory. Markets are well supplied and prices are stationary. The public health is good.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue,)—dated 4th February 1893.

READ :—

The following report on the condition of the Mysore District, for the fortnight ending the 31st December 1892, received with No. 1006, dated 28th January 1893, from the Deputy Commissioner of Mysore.

STATE OF CROPS—Avare, castor-oil seed in Mysore Taluk, togari, avare, harlu, Bengal-gram and paddy in Heggaddevankote Taluk are in good condition. Paddy below channels in Nanjangud Taluk, avare, Bengal-gram, harulu, togari and horse-gram in Krishnarajpet and Seringapatam Taluks are said to be flourishing. Paddy and sugar-cane crops are stated to be fair in the Taluks of the French Rocks Sub-Division except in parts of Mandya under the smaller kattes. The dry crops in the Yedatore Taluk are ready to be harvested. Paddy is almost all reaped except in Heggaddevankote, where it is being harvested. The dry crops in Nagamangala, Malvalli and Mandya Taluks are reported to be poor. These crops in the Nanjangud Taluk are reported to have suffered in some parts, owing to the failure of the later rains. In Tirumakudlu-Narsipur and the French Rocks Sub-Division Taluks, the dry crops except Bengal-gram were harvested during the fortnight.

SUPPLY OF FOOD GRAINS—Markets are well supplied.

SUPPLY OF WATER—There is no scarcity of water in the District, except in portions of Nanjangud and Gundlupet Taluks. Orders have been sent to select places for excavation of wells in those parts.

FODDER—Sufficient.

(1) Letter No. 2013, dated 20th October 1892, from the Comptroller of Mysore.

1. I have the honor to submit for the information and orders of the Dewan the correspondence noted in the margin, regarding the deficiency of one anna and six pies found at the inspection of the Nanjangud Taluk Treasury by Mr. Krishnaiengar, Treasury Officer, of the Mysore District, on the 13th June 1892. The deficiency in the copper coins pointed out might have been due to a *bonâ fide* error as stated by the Deputy Commissioner, but had the instructions of this office No. 3916, dated 8th February 1890, on the subject of the recording of the daily transactions by Taluk Shroff been attended to, the error could not have occurred. The neglect of the observance of the instructions by the Shroff and Sheristadar has been suitably punished by the Deputy Commissioner and no further notice of the matter seems called for.

Letter No. 618, dated 23rd June 1892, from the Deputy Commissioner, Mysore District.

Letter No. 46, dated 4th July 1892, to the Deputy Commissioner, Mysore District.

Letter No. 907, dated 10th August 1892, from the Deputy Commissioner, Mysore District, with enclosures.

2. In connection with the subject, I beg to bring to your notice that the instructions conveyed in your No. 1848—129, dated 23rd June 1888, regarding the inspection of Taluk Treasuries by Revenue Officers on their periodical tours do not appear to have received that attention that they should have had.

3. I enclose a Memo showing the number of times the several Taluk Treasuries in the Province have been inspected, from which it will be observed that some have never been inspected except by the Jamabandi Officer once a year, during the collection season, and others seldom so inspected.

4. The matter is a very important one as affecting the interest of Government and I would suggest that the Deputy Commissioners' attention may be invited to your circular instructions, and they be asked to see that the Taluk Treasuries of their respective Districts are frequently inspected, and reported on in future.

His docket No. 618, dated 23rd June 1892.

Has the honor to request that he will be so good as to cause to be furnished to this office, the explanation of the Sheristadar and Nagadi Gumasta in regard the deficit of Re. 0—1—6 found in the Nanjangud Taluk Treasury on being inspected by Mr. Krishnaiengar on the 13th June 1892.

(No. 967.)

This Office No. 618, dated 23rd June 1892, reporting the discrepancy found by Mr. Krishnaiengar, Treasury Officer, Mysore District, in Nanjangud Taluk Treasury.

In continuation of the above has the honor to forward herewith in original the * explanations of Taluk Sheristadar and Nagadi Gumasta, with District Treasury Officer's remarks.

* To be kindly returned when no longer required.

The deficiency of Re. 0—1—6 might have been due to *bonâ fide* error in counting, and is not in itself a serious matter. But it will be observed on an examination of the figures that the totals under the different denominations of coins according to the accounts differ widely from those on hand, and thus can be accounted for, only on the supposition that the Sharroff has omitted to enter correctly in his register, the amounts received of each coin, in every transaction that occurred in the Treasury. The Sheristadar and Nagadi Gumasta are also responsible for allowing such a state of things. The fine of 1 rupee imposed on the Sharroff is quite inadequate for this irregularity. I have accordingly fined the Sharroff Rs. 10, and the Nagadi Gumasta and the Sheristadar Rs. 5 each, for failing to act up to the circular orders.

(2) Letter No. 2845, dated the 1st December 1892, from the same officer.

With reference to your docket No. 7283—R. 946-92, dated 24th November 1892, I have the honor to state, from the information forthcoming in this office, that some of the Taluk Treasuries in the Province have not since June 1888, the date of the orders requiring periodical verification of Taluk Cash Balances by Revenue Officers on their periodical tours, been inspected, except by the Jamabandi Officer once a year, as stated in para 3 of my letter No. 2014, dated 20th October 1892. The Memo showing the dates of inspections made, enclosed in my letter No. 2014, dated 20th October 1892, excludes those by Jamabani Officers.

No. 13292-300—R. F. 213-92, DATED, BANGALORE, 4TH FEBRUARY 1893.

ORDER THEREON.—The attention of Deputy Commissioners is drawn to the foregoing papers, with the remark that Government are surprised to observe lamentable neglect on the part of Revenue Officers to inspect Treasuries during their periodical tours. Some of the Treasuries in those Taluks which are also Head Quarters of Districts have not been inspected. Such disregard of orders cannot be tolerated. Deputy Commissioners are requested to submit to the Comptroller at the end of each official year, a statement showing the number of times each Taluk Treasury is inspected in their Districts. The Comptroller will report to Government instances, if any, of neglect of orders.

2. The papers noted in the margin will be printed and distributed with this order for the information of the officers concerned.

APPENDIX.

(1) Comptroller's letter No. 216, dated 23rd April 1888, to the Chief Secretary to the Dewan of Mysore.

I have the honor to report for the information of the Dewan that under present arrangement the Cash Balances of Taluk Treasuries are verified only once a year on the inspection of the Jamabandi Officer when a report in detail is made to this office in the form prescribed for such inspection. It appears to me to be very desirable that Taluk Treasury Cash Balances should be verified oftener. This may be easily done by Deputy Commissioners and Assistant Commissioners during their periodical tours and a report sent to this office in the form of a letter to say that the Cash Balance of the Taluk Treasury inspected was verified and found to agree with the balance entered in the Taluk Cash Account for the day. Should the Dewan approve of my suggestion, I beg that the necessary orders on the subject may be issued in the Revenue Department.

(2). Circular No. 703-10—18, dated 3rd May 1888, from the Chief Secretary to the Dewan of Mysore, to the Deputy Commissioners of Districts.

Copy of the above letter No. 216, dated 23rd April 1888, from the Comptroller to the Government of Mysore, to the Chief Secretary to the Dewan of Mysore, is forwarded to the Deputy Commissioners of Districts for guidance.

(3). Proceedings No. 8547-55—R. F. 213-92, dated 11th December 1892.

No. 8547-55—R. F. 213-92, DATED, BANGALORE, 11TH DECEMBER 1892.

ORDER.—The Government of His Highness the Maharaja are pleased to issue the following instructions in regard to the inspection of Treasuries in the Province:—

1. The Deputy Commissioner or one of his Assistants should inspect once at least every six months every Taluk Treasury in the District and report the result of his examination to the Comptroller.

2. Similarly, the Comptroller should inspect not less than once in every two years, every District Treasury in the Province and issue needful instructions to the officers concerned, reporting to Government such facts as may, in his opinion, require the orders of Government.

3. At every examination of a Treasury, attention should be paid to the defects pointed out and the instructions issued at the previous examination, with a view to seeing whether the defects have been corrected and the instructions have been carefully carried out. The Comptroller will be good enough to insert a query on this point among the list of queries to be answered in the prescribed form for Treasury inspection report.

Chief Secretary.

To—The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

READ :—

Correspondence ending with letter No. 119, dated the 14th June 1892, from Mr. R. Vijayindra Rao on Special duty, suggesting certain additional information to be entered in the fortnightly return of food grains submitted to Government, in view to minimize the guess-work in the quotation of the price of firewood in the returns received from Districts.

No. 14045-53—R. F. 152-92, DATED, BANGALORE, 19TH FEBRUARY 1893.

ORDER THEREON.—The existing form of the fortnightly return of prices current of food grains having been prescribed by the Government of India, it cannot be altered, but the Government see no objection to the information suggested being obtained from the Districts. The following columns will be substituted for those proposed, and Mr. Vijayindra Rao, on Special duty, will issue needful instructions to the Deputy Commissioners :—

(1). Distance in miles from which firewood is brought for sale.
(2). Price in the locality which supplies.
(3). Price at the place of consumption.

2. The statistics furnished in Column (3) aforesaid will be entered in the Returns transmitted to the Government of India.

3. The returns should be carefully examined when received, and any errors or unlikely entries therein noticed and the necessary explanations called for from the Deputy Commissioners concerned.

T. ANANDA ROW,
Chief Secretary.

To—Mr. R. Vijayindra Rao, on Special duty.
The Deputy Commissioners of Districts.

No. 14054-62—R. F. 227-92, DATED, BANGALORE, 20TH FEBRUARY 1893.

ORDER.—The rules contained in Sections 24, 25, 26 and 27 of the Revenue Rules should be considered applicable to all enfranchised Inams. When the transfer or change of registry involves a sub-division of quit-rent, the same shall be made as prescribed in para 11 of Section 41 of the Revenue Rules.

2. A Register of transfers and changes of registry should be kept in each Taluk in the accompanying form, and the orders passed on the application of parties communicated to the village officers in view to the necessary entries being made in their accounts.

3. In the case of unenfranchised Inams, each change of registry should be reported for the orders of Government.

T. ANANDA ROW,
Chief Secretary.

Excise Commissioner's letter No. 536-21, dated 15th July 1892.

No. 13672-81—R. F. 17-92, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—(Paras 1 to 4 of the Excise Commissioner's letter). The Government are not disposed to fetter the discretion of Deputy Commissioners in the matter of the choice of the Assistant to be in charge of the Excise work of their respective Districts. At the present stage, they would leave the point to be settled by each Deputy Commissioner as he may find it most suitable and convenient. (*Vide* Orders contained in Notification No. 13479—R. 1629-92, dated 18th January 1893.)

2. (Para 5 of the Excise Commissioner's letter). The Government observe that the Excise Commissioner has directed the observance of the set of instructions and forms of accounts and diaries (to be kept and rendered) drawn up by Mr. McDonnell, and has called for reports from Deputy Commissioners regarding them, after practical experience. These reports, together with the Excise Commissioner's review and remarks thereon, will be awaited.

3. (Para 6 of the Excise Commissioner's letter). Government are pleased to accord sanction to the entertainment of the permanent Toddy Establishment, as proposed by the Excise Commissioner, at a maximum cost of Rs. 37,452 per annum. It is observed, however, that this does not include any provision for Peons to Taluk Toddy Inspectors on the ground that village officers and servants would help them. But as such an arrangement is likely to prove insufficient and inconvenient, Government are pleased to sanction the entertainment of a Peon on pay not exceeding Rs. 6 per mensem for each of the Taluk Toddy Inspectors; the maximum cost of this would thus be (Rs. 89 × 6 × 12—) Rs. 6,408 per annum, raising the total maximum cost of the Toddy Establishment to Rs. 43,860 per annum as shown in the annexed statement marked A and statement of details marked B.

4. (Paras 7 and 8 of the Excise Commissioner's letter). The remarks of the Excise Commissioner in regard to the postings of Darogas and Taluk Inspectors are generally approved.

5. (Para 13 of the Excise Commissioner's letter). The Excise Commissioner's proposals for the remuneration of village officers and servants promised in para 13 will be awaited.

6. (Para 17 of the Excise Commissioner's letter). The question of adjustments alluded to in para 17 should form the subject of a separate report.

T. ANANDA ROW,
Chief Secretary.

LOCAL BOARDS BRANCH—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 4th February 1893.

READ AGAIN:—

Government Proceedings, dated 31st August 1892, No 3264½-73½—L. F. 139-92.

Read the following papers in regard to the payment of rewards to seizers of cattle brought to pounds.

(1) Docket from the Deputy Commissioner, Chitaldroog, dated 25th September 1862, No. 174—162.
(2) Letter from the Deputy Commissioner, Tumkur, dated 22nd September, 1892, No. 344.
(3) Docket from the Deputy Commissioner, Hassan, dated 22nd September 1892, No. 419.
(4) Docket from the President of the Mysore City Municipality, dated 10th October 1892, No. 443.
(5) Letter from the Deputy Commissioner, Mysore, dated 25th October 1892, No. 664.
(6) Docket from the Deputy Commissioner, Shimoga, dated 11th November 1892, No. 774—739.
(7) Docket from the Deputy Commissioner, Kadur, dated 27th November 1892, No. 238.
(8) Docket from the Deputy Commissioner, Kolar, dated 21st November 1892, No. 1603--363.
(9) Letter from the President of the Bangalore City Municipality, dated 29th November 1892, No. 127.
(10) Letter from the Deputy Commissioner, Bangalore, dated 9th December 1892, No. 505.
(11) Docket from the Deputy Commissioner, Bangalore, dated 15th December 1892, No. 525.
(12) Docket from the President of the Bangalore City Municipality, dated 16th January 1893, No. 185, submitting a copy of pound rules in force in the Municipality.

No. 13279-89—L. F. 139-92, DATED, BANGALORE, 4TH FEBRUARY 1893.

ORDER THEREON.—In their Proceedings dated 31st August 1892, No. 3264½-73½—L. F. 139-92, the Presidents of the various Municipalities and Local Fund Circles were requested to report whether rewards were paid to seizers of cattle brought to pounds and, if so, from what funds, under what circumstances and under what authority such charges were incurred. The papers read above are in reply. They show that, except in the Municipality of Bangalore City, the practice of paying rewards to seizers of cattle does not obtain anywhere in the Province. In the Bangalore City Municipality, double the rates of fines prescribed in Section 12 of the Cattle Trespass Act are levied on cattle seized and impounded during nights between the hours of 8. P. M. and 4. A. M. and a moiety of such fines is paid to the seizers of cattle as reward, the other moiety being credited to Municipal funds.

2. Government observe that Section 12 of the Cattle Trespass Act, X of 1871 prescribes the scale of fines leviable on impounded cattle and the proviso to that section, introduced in Regulation VIII of 1892 recently passed, which comes into force from 1st June 1893, retains the existing scale of fines but allows discretionary powers to the Government of Mysore to direct, by Notification in the Official Gazette the levy of such fines not exceeding double the prescribed rates in any specified area on the representation made by a District Magistrate or by a local authority; but neither the Act of 1871 nor the Regulation of 1892 authorizes the payment of rewards to seizers of cattle. Therefore, the practice obtaining in the Bangalore City Municipality, based on the Board's resolution, dated 21st December 1885, is manifestly illegal. The fines authorized by law alone should be collected and the payment of rewards to seizers of cattle discontinued in the future.

3. If the Municipal Board consider that enhanced rates authorized by the proviso to Section 12 of Regulation VIII of 1892 should be introduced into the City Municipality, a special application should be made setting forth the ground fully.

No. 13469-80—L. F. 153-92, DATED, BANGALORE, 9TH FEBRUARY 1893.

ORDER THEREON—In Municipalities other than those of Bangaloro and Myso Cities, no uniformity of practice is followed in regard to the appointment of ex-offic members. On a consideration of the proposals made by the Deputy Commissione in the papers read above, and pending the passing of the Draft Municipal Regu lation now under the consideration of Government, it is ordered that the followin officers shall be ex-officio members of Municipal Boards in addition to the Deput Commissioner and Sub-Division Officers who may be Presidents and Vice-Pres dents :—

(1) Revenue Assistant Commissioner
(2) The Senior D. P. W. Officer
(3) Do Medical Officer
(4) The Amildar or Deputy Amildar

READ :—

Letter from the Comptroller, dated 24th November 1892, No. 2686, submitting the report of th Auditor on the account of the Shimoga Town Municipality for the 15 months of the ye 1891-92 ending 30th June 1892.

No. 13730-1—L. F. 234 92, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—The points requiring notice in the Auditor's report are—

(1). Remittances made to the Treasury at long and irregular intervals contrar to the instructions conveyed in Proceedings No. 6227-39—429, date 24th August 1891.

(2). Omission on the part of Pound Mutsaddi to grant receipts for sums collec ed by him.

(3). Difference between the amounts remitted to the Treasury by the Pound-keeper and the amount credited in the accounts.

(4). Issue of cheques for sums less than Rs. 10 notwithstanding that the Amildar is provided with an advance of Rs. 50 to meet such charges.

(5). Issue of cheque late in June 1892 and consequent non-adjustment thereof in that month.

(6). Keeping undisbursed pay in deposit.

(7). Appropriation of the funds of the Municipality to meet urgent requirements of other Municipalities, and reimbursement of the same soon after funds were forthcoming in the latter Municipalities.

(8). Absence of certain bills.

(9). Expenditure without Budget provision or special sanction of Government.

2. It is of the utmost importance that all moneys collected in a month should be shown in the accounts of the same month and that the Treasury figures should correspond with those of the Municipality. Remittances should therefore be made to Treasury at least once a week, any balance remaining on hand on the last day of each month being credited to the Treasury on that day.

3. Pounds-keepers should at once be provided with printed counterfoil receipt books for use in Municipalities as required in Para 7 of the Proceedings No. 6227-39—429, dated 24th August 1891.

4. The Audit Statement No. 6 will be forwarded to the Deputy Commissioner with a request that steps may be taken to adjust the difference of Rs. 1—4—0 between the amount of fines collected on cattle impounded and the amount actually credited in the Treasury accounts as early as possible.

5. The Deputy Commissioner will see that in future no cheques for sums less than Rs. 10 are issued and that the instructions conveyed in Para VIII of Government Proceedings, dated 24th August 1891, No. 6227-39—429, are strictly adhered to. His attention will also be drawn to Proceedings, dated 2nd May 1892, No. 1781-9—L. 272, which prohibits the issue of cheques after the 25th of each month.

6. The practice of keeping undisbursed pay in deposit is irregular and opposed to the instructions contained in Para XI of Government Proceedings, dated 24th August 1891, No. 6227-39—429, and should be discontinued.

7. The funds of one Municipality should under no circumstances be utilized for expenditure connected with another Municipality.

8. The disappearance of bills in the case of 15 items noted in the Auditor's Statement No. 7, amounting to Rs. 261—15—4, seems strange if not suspicious. The Deputy Commissioner should institute proper enquiries and report whether payment has been made in each of the cases referred to, and who is responsible for the loss of the vouchers.

9. As regards the sum of Rs. 196—4—11 shown in Statement No. 9, herewith forwarded, the President should quote the authority or state the circumstances under which each item was incurred without Budget provision on special sanction of Government therefor.

READ:—

Docket from the Deputy Commissioner of the Shimoga District, dated 17th January 1893, No. 988—946, submitting a statement, showing the modifications to be made in the Budget Estimates of the several Municipalities in the District for the year 1892-93 ending 31st March 1893, sanctioned in Proceedings, dated 18th February 1892, No. 13205-9—1332, so as to meet the requirements of the year ending 30th June 1893.

No. 14068-73—L. F. 188-92, DATED, BANGALORE, 18TH FEBRUARY 1893.

ORDER THEREON.—From the omission of the Municipality of Tirthahalli from the above statement, it is presumed that no modifications are needed in the estimates for that town. The Budget already passed will, so far as that Municipality is concerned, be regarded as the Budget for the year ending 30th June 1893.

2. The following is an abstract of supplemental estimates now proposed :—

3. The Deputy Commissioner is requested to explain why no provision is made in the case of 7 of the above Municipalities on account of commission payable to Pound-keepers and why the provision made for commission in the Holehonnur Municipality is so much as 80 per cent of the estimated revenue.

4. The supplemental estimates proposed for Channagiri and Sorab on account of Public Works are sanctioned.

5. The estimated receipts and expenditure of the several Municipalities of the District for the year 1892-93 ending 30th June 1893 as now revised are given hereunder:—

6. From the above statement it will be seen that the estimated closing balance in the Honnali and Shikarpur Municipalities is less than the prescribed minimum balance. The Deputy Commissioner is therefore requested to propose reductions in the sanctioned charges of these Municipalities.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 23rd February 1893.

READ :—

Letter from the Comptroller, dated 30th November 1892, No. 2820, submitting the report of the Accountant deputed from the Comptroller's Office on the result of the audit of the accounts of the Tumkur Municipality for the 15 months of the year 1891-92, ending 30th June 1892.

No. 14227-8—L. F. 234-92, DATED, BANGALORE, 23RD FEBRUARY 1893.

ORDER THEREON.—A sum of Rs. 493—9—10 collected during June 1892, under "Mohatarfa," and remitted to the Treasury in the following month is stated to have been shown in the accounts of the latter month. Similarly an item of Rs. 2—8—7 collected from Octroi on cloth on 30th October was remitted to the Treasury in the following month and brought in the account current for November 1891, Government observe that the practice of delaying remittance to the Treasury of moneys collected and showing the collections of one month in the accounts of the following month on the ground that the moneys were remitted in the latter month is very irregular and should be discontinued at once. As directed in Government Proceedings, dated 24th August 1892, No. 6227-39—429, remittances should be made to Treasury at least once a week. As it is necessary that the Treasury accounts should correspond as far as possible with those of the Municipalities, any sums remaining unpaid to the Treasury out of the collections made in any one month should be paid to the Treasury on the last day of that month.

2. Under dates 6th May, 19th and 26th July 1891, collections under some of the sub-heads of Mohatarfa are reported to have been erroneously credited under other heads as shown in the margin, the result being that there was an excess credit of Rs. 4 under Loom Tax with a corresponding short credit under Cart-Tax. The necessary adjustments should be made in communication with the Comptroller.

3. All payments of Rs. 10 and upwards must in future be made by means of cheques issued in the names of the payees themselves and not in the name of the Vice-President as is reported to have been done.

4. The Auditor reports that the items of Rs. 180—0—3 and Rs. 30, being respectively ⅓rd cost of the Dispensary charges and remuneration paid to the Auditor were not included in the Vice-President's account, inasmuch as the intimation of the adjustments made in the Comptroller's Office were not communicated to him by the President. The Deputy Commissioner is requested to take notice of this omission and to see that such omissions do not occur in future.

5. In the nominal rolls of the conservancy establishments, the marks of the servants obtained in token of payments made should in the future be entered against and not across their names.

6. The Deputy Commissioner is requested to explain why as noticed by the Auditor an excess payment of Rs. 14 was made on account of the allowance

of the Clerk in the District Office. His attention is invited to Proceedings No. 4077-80½—L. F. 99-92, dated 10th September 1892, in which the employment of a Clerk on Rs. 15 per mensem was sanctioned with effect from 1st July 1892.

7. The cost of stationery purchased from November 1891 to March 1892, amounting to Rs. 12—6—10 is stated to have been charged in one bill in March 1892. The charge incurred every month should have been drawn in the same month. As directed in Para 19 of Government Proceedings, dated 7th November 1892, No. 6384-96—L. F. 106-92, all stationery should in future be obtained from the Superintendent of Stationery.

8. The Auditor has in the statement prepared by him, shown a sum of Rs. 29—2—0 being unexpended balance both on the side of receipts and on the side of expenditure. Such sums should be shown as minus debits against the same heads under which they were shown as expended, in accordance with the instructions conveyed in Para 27 of Government Proceedings, dated 2nd April 1890, No. 906-37—Cir. 15.

No. 14284-326—L. F. 315-92, DATED, BANGALORE, 24TH FEBRUARY 1893.

ORDER THEREON.—Government resolve to review the reports and accounts o the several Municipalities in the Mysore State for the year 1890-91.

2. *Number of Municipalities.*—At the end of 1889-90 there were 97 Municipalities. During 1890-91, Government *accorded their sanction to the establishment of 3 more Municipalities, *viz.*, Saligram in Yedatore Taluk, Ramasamudram in Chamarajnagar Taluk of the Mysore District and Holehonnur in the Shimoga District; but the newly sanctioned Municipalities in the Mysore District were not brought into working order before the close of the year. There were thus 98 Municipalities in working order at the end of the year under review. The largest of these, *viz.*, Bangalore and Mysore Cities are governed by a special enactment and the others are administered under the orders of the Government issued from time to time. A regulation applicable to all the Municipalities in the State has been elaborated and will shortly be published for any remarks or suggestions the public may have to offer. The population of each of the Municipalities is given in Statement No. 1, of which the following is an abstract :—

*(1) Proceedings, dated 11th September 1890, No. 7216-7—805 to Mysore Deputy Commissioner.

(2) Proceedings, dated 21st August 1890, No. 5740-1—633 to Shimoga Deputy Commissioner.

3. The Municipalities are managed by Boards consisting of *Ex-official* and *Non-official* Members. The proportion of the official to non-official members in the various Municipalities is given in the following abstract statement:—

No.	Municipalities.	No. of Municipalities.	Number of Members.			
			Ex-officio.	Official.	Non-official.	Total.
1	Bangalore City	1	4	4	8	16
2	Mysore City	1	7	...	17	24

10	Hassan do	10	18	...	53	71
	Total.....	98	180	77	611	868

4. *Meetings.*—The number of meetings held in the Municipality of Mysore during 1890-91 has not been stated, but from the Proceedings published in the Gazette, 13 meetings appear to have been held. The statements embodied in the other reports show that only 2 meetings were held at Holehonnur, 3 at Saklespur, 4 in Maddur, 5 at Alur, 6 in each of the Towns of French Rocks, Mandya and Malvalli, 7 in Hassan and more in other Towns. Moreover the average attendance of members in some of the meetings is small. The meetings in the Municipality of Holehonnur were few because the Municipal Board was constituted only in the latter part of the year; but why the meetings were few in the other Municipalities requires explanation. The fact however that the meetings were so few and the poor attendance of members at some of the meetings do not speak well of Municipal administration in the Districts. In the Districts of Kolar and Tumkur such members as vacated their seats on the Municipal Board by reason of their absence from 3 consecutive meetings were replaced by competent men. It is to be hoped that in all Municipalities, other than Bangalore and Mysore, which are governed by a special enactment, the enforcement of the foregoing rule will be more largely availed of and indifferent Members replaced by duly qualified men evincing active interest in Municipal matters.

5. The report of the Kolar District is silent as to the interest evinced in Municipal affairs by members of Boards, but in all others, they are stated to have taken active interest and helped the President and the Vice-President in the execution of several works of improvements undertaken by Municipalities. The President of the Mysore Municipality, in bringing to the notice of Government, the active and intelligent interest taken by the Municipal Commissioners in their work recommends that some honorary titles should be conferred upon them. The subject is under the consideration of Government and separate orders will be issued thereon. The Deputy Commissioners are requested to submit with their future annual reports, statements showing the number of meetings held in each Municipality and average attendance of members at each, noting down in the remarks column thereof the nature and extent of the interest evinced by Members.

6. The income and expenditure of each Municipality under each head of receipt and charge are given in Financial Statement No. 2, of which the aggregate results are given below :—

7. *Receipts.*—Bangalore and Mysore Municipalities as usual contributed the bulk of the revenue, *viz.*, Rs. 2,01,329.* The revenue derived by the remaining Municipalities varied from Rs. 271 in Heggaddevankote to Rs. 15,376 in Shimoga, as will be seen from Statement No. 2, of which the following is an abstract :—

8. *I. Octroi.*—This tax is collected only in 43 Municipalities, the maximum number of articles subjected to duty being 9. The duty collected on each article was as shown below :—

(For detailed particulars *vide* Statement No. 3).

	Total.....	1,16,965	1,25,439

9. Of the duty collected on cocoanuts, fresh and dry, tobacco and betel-leaves, a moiety is credited to Provincial Revenue but the figures given in the above statement show only the share creditable to Municipal Funds. Including the Government share credited to Provincial Revenues, the total collections ought to be Rs. 1,31,868, but the same is shown as Rs. 1,26,538 in Statement No. III. This difference is evidently due to the incorrect preparation of Statement No. III, which does not include the Government share of Octroi in the case of Municipalities, other than those of Shimoga, Chikmagiur, Seringapatam, Hunsur and Nanjangud. The entries made in this statement and Statement No. 2, which are intended to show respectively the gross Octroi collections and the net Municipal portion thereof after deducting Government share, correspond with each other in the case of Municipalities other than those above mentioned, and it is also observed that Rs. 2 are shown to have been collected and credited to Krishnarajpete, which levies no octroi in Statement No. II, while nothing is entered against it in Statement No. III. Government regret to remark that annual Octroi Statements No. III have not been prepared by the Municipal Presidents in accordance with instructions issued from time to time, nor have they been properly scrutinized and tabulated in the Comptroller's Office. The attention of the Presidents is therefore invited to Para 7 of Government Proceedings No. 906-37—Cir. 15, dated 22nd April 1890, and they are requested to see that Statements No. III are correctly prepared as therein required. The Comptroller should also see that the credits made to each Municipality as shown in Statement No. II plus the Government share credited to Provincial Revenues correctly represent the total Octroi collections as shown in Statement No. III and that any difference between them is accounted for.

10. *II. Tax on houses and VII. Mohatarfa.*—The amounts credited under these heads during 1890-91, which are nearly the same as those of the previous year, represent the entire collections in the case of the marginally noted Municipalities and moieties in the case of the remaining Municipalities, the other moieties being credited to Government. As in the case of Octroi, the Government share of Mohatarfa shown in the Comptroller's account does not correspond with the sums credited to Municipalities as will be seen from the subjoined statement. The Comptroller is requested to explain the cause of difference and to see that in the future, each case of variation is invariably explained :—

(1) District Head-quarter Towns.
(2) Seringapatam.
(3) Closepet
(4) Chamrajpatna } Bangalore District.
(5) Gubbi ... Tumkur District.
(6) Arsikere ... Hassan District.

12. *Tax on Carriages and Animals* exists only in the Municipality o Mysore. The increase of revenue under this head is stated to be due to bette collections during 1890-91.

13. *Rents.*—As shown in the margin, the bulk of revenue under this head consisting of rents on shops, markets, lands and othe property belonging to the Municipalities was realized in the Bangalore and Mysore Cities.

	Total.....	61,966	90,718

16. *Item* 1, *sale of house Sites.*—A large increase is observable under this head in the Municipalites of Tarikere and Ajjampur owing to larger sales of sites in these for building purposes. There was a marked decrease in the Mysore City Municipality due probably to the small number of house sites available for sale.

	1889-90.	1890-91.
Tarikere	62	1,654
Ajjampur	26	2,465

17. *Item* 2, *Loans* occur only in the Municipalities of Hunsur (Rs. 176) and Banavar (Rs. 155). From what funds, under what authority and under what circumstances the loan was raised by the Hunsur Municipality is not stated, which should now be done. But in Banavar, the Deputy Commissioner states that owing to the insufficiency of funds at the close of the year re-appropriation was made out of the available balances of the Arsikere and Harnaballi Municipalities. Government observe that the practice of utilizing the funds of one Municipality for another without obtaining the previous sanction of Government thereto is irregular and should under no circumstances be resorted to in future. When any Municipality stands in need of a loan, a special application should be submitted to Government for the same showing the ways and means for its repayment as required in Government Proceedings, dated 22nd April 1890, No. 906-37—Cir. 15.

18. *Item* 4, *Land Revenue.*—The kandayam on lands in the Bangalore City, which in the first instance is credited to Provincial and then refunded to the Municipality, was not refunded to the Municipality before the close of the year and this accounts for the decrease under this head.

19. *Item* 5, *School fees.*—The opening of new schools and the improvements in fee income from those already existing account for the marked increase in this item. The Deputy Commissioners of Mysore and Chitaldroog are requested to explain the cause of the falling off of the revenue in the schools at Seringapatam and Davangere respectively from Rs. 761 to 676 in the former and from Rs. 232 to 84 in the latter. The absence of any receipt from the School at Shikarpur, which realized Rs. 80 in 1889-90, is due to the school having been closed for want of a teacher.

20. *Item* 12, *Contributions.*—The bulk of the revenue under this head represents the payments made by the Public Works Department for the maintenance of portions of Provincial roads lying within all the Municipal towns and of portions of District Fund roads lying in the District Head-quarter towns. As will be evident from the marginal figures, the instructions contained in the Chief Engineer's Circulars of 16th April 1886 and 20th December 1889 were more largely given effect to during the year 1890-91 and contributions were accordingly received by several Municipalities, which received none previously.

It is noted that contributions on account of portions of the Provincial road running through the Municipalities of Channapatna and Closepet were not made over to the Municipal Boards during 1890-91. The cause should be explained.

21. 14, *Other Items.*—The details under this head have not been furnished as called for in Para 27 of Government Proceedings, dated 22nd April 1890, No. 906-37–15. Such omissions should be carefully guarded against in the future. From the information furnished in some of the reports, it would appear that the main portion of the receipt is the refund on 31st March 1891 of the unexpended balance of the sums drawn by Amildars for expenditure and minor items such as sale proceeds of fort stones, &c. In regard to the credit to the Treasury, on the last day of the official year, of the sums remaining unexpended in the hands of the Amildar, the attention of the Deputy Commissioners is invited to Para 27 of Government Proceedings, dated 22nd April 1890, No. 906-37—15, and they are requested to see that in the future such items are as therein directed adjusted by minus entries, as the system of crediting the same to receipts gives false notions of the receipts as well as of expenditure. In the District of Hassan the sale proceeds of fort stones are stated to have been credited to this head. The Deputy Commissioner should quote the authority for such credit as under Chief Commissioner's Proceedings, dated 27th July 1880, No. 2484-91—Mis. 353 the item is Provincial

22. The other items of revenue call for no special remarks.

23. The net increase of Rs. 36,735 is the result of a gross increase of Rs. 62,024 in 67 Municipalities and of a gross decrease of Rs. 25,289 in 31 Municipalities as detailed in Statement No. V. The Municipalities in which the variations exceed Rs. 1,000 are given in the margin. The large decrease in Bangalore is mainly due to the non-receipt during the year of the revenue of kandayam lands in the Municipality. No explanation is furnished for the large increase in the Mysore City Municipality. In the future the cause of each variation should invariably be explained.

24. *Demand, Collection and Balance Statements.*—In spite of the clear instructions issued in Para 16 of the Government Proceedings, dated 22nd April 1890, No. 906-37—15, the President of the Mysore City Municipality failed to submit a statement showing the Demand, Collection and Balance under any of the items of receipts, while the information embodied in the reports of the other Municipalities is either incomplete or inaccurate. The figures given under the head "Demand" in the statement of the Hassan District do not include the arrears of previous years, and those contained in the report of the Bangalore District exhibit lump sums of all items without details. A lump sum of Rs. 5,552 is shown as the outstanding balance at the end of the year 1890-91 of all the Municipalities of the French Rocks Sub Division, while the correct total of the differences between the Demand and Collection shown against all the Municipalities is Rs. 5,560. Such omissions and inaccuracies should be guarded against in the future and Demand, Collection, and Balance statements containing particulars under each of the Budget heads against each Municipality should invariably be appended to the annual reports. It is satisfactory to note that there is no arrear to be collected in any of the Municipalities of the Chitaldroog District and that a good portion of the large arrears shown against the other Municipalities as given in the abstract statement given hereunder, has since

)een collected. It is to be hoped that the balances still left unrecovered will soon)e collected or remission statements submitted where they are irrecoverable:—

CHARGES.

25. *II. Head Office.*—The charges under this head comprise the allowances paid to the Presidents and Vice-Presidents of the Bangalore and Mysore City Municipalities, the salaries of Clerks, Overseers, &c., employed in the offices of the Presidents of the above Municipalities and of the Deputy Commissioners or Amildars for Municipal work and contingent charges. The higher rates of allowances sanctioned as a special case to Messrs. Meiklejohn and Lee, President and Vice-President respectively of the Mysore City Municipality and the increment of Rs. 5 sanctioned to the Municipal Overseer at Tumkur in Government Proceedings, dated 13th August 1890, No. 5280-9—Cir 111, account for the increase in expenditure during 1890-91. The Deputy Commissioner of Hassan recommends the entertainment of a Mutsaddi on Rs. 7 or 8 per mensem in each Taluk to do Municipal work; a separate reference should be made on the subject. Annual reports should be confined to the narration of facts that have taken place during the year and no points requiring orders should be inserted therein.

		Rs.
1889-90	...	12,121
1890-91	...	13,906

26. *Collection.*—Special establishments are maintained in some Municipalities for the collection of Octroi, House and Mohatarfa taxes. In some Municipalities where no special establishments are entertained, commission is paid to the village establishments for collecting Octroi tax, which in Kolar District is levied by Taluk establishments without any remuneration whatever. Government have since issued orders for the introduction of uniformity of practice in all Municipalities except Bangalore and Mysore Cities.

27. *IV. Conservancy.*—The expenditure shown under this head amounting to Rs. 89,904 against Rs. 84,539 of the preceding year, consists chiefly of the salaries paid to sweepers for cleaning streets and drains and totis or scavengers for cleaning latrines and of the establishments maintained for supervising their

work. The increase is spread over almost all the Districts as shown under :—

28. *Police.*—The following Municipalities incurred expenditure on account of Town Police establishments. Of these, the first seven towns enjoyed the Government share of Mohatarfa, no such concessions being extended to the remaining towns. The charges incurred for Police and the Government share of Mohatarfa enjoyed by the first seven towns are shown below :—

29. Under Government Proceedings, dated 28th July 1890, No. 4277-80—Cir. 84, the Mysore City Municipality was relieved of the cost of Police charges amounting to Rs. 24,764 per annum and in lieu thereof grants-in-aid of Rs. 9,180 hitherto made from Provincial Funds were transferred to the Municipality. Government have reason to believe that full amount of grants-in-aid has been

debited to the Municipality under the head "X. Education" for the year and it is not clear why any portion of the Police charges for the same year came to be charged to the Municipality. The matter should be explained.

30. The Municipality of Kadur which maintains no Police establishment is shown to have expended Rs. 18 under this head on account of oil for night patrol duty. The authority under which this charge was incurred by the Municipality should be quoted.

31. *Registration of Births and Deaths.*—Bangalore and Seringapatam are the only Municipalities maintaining special establishments for registering births and deaths. In the remaining Municipalities the work is done by the village officials. The information furnished in the reports submitted is given in abstract in the following statement:—

No.	Municipalities.	Births.		Deaths.

32. The reports of the Chitaldroog and Shimoga Districts contain statements showing a comparison as regards births and deaths between the Municipal and rural population and the Deputy Commissioner of Bangalore merely remarks that on the whole, these registers compare favorably with the rural parts; but the other reports are silent on this point. The attention of the Deputy Commissioner is invited to Para 38 of Government Proceedings, dated 22nd April 1890, Nos. 906-37—15, and they are requested to submit statements similar to that furnished by the Deputy Commissioner of Chitaldroog and explain causes of variation between the figures appertaining to Municipal and rural populations.

33. *Epidemics.*—Cholera broke out in the Bangalore City, Kolar, Nanjangud Seringapatam, Malvalli and Sorab Towns and the necessary sanitary arrangements were made to prevent the spread of the epidemic. The number of deaths from this dire disease is not given except for Bangalore, where the mortality was 25 against 52 in 1889-90. Small-pox prevailed in Hunsur and Influenza in some of the towns of the Kolar and Shimoga Districts and in Chikmagalur. The number of deaths from each of these diseases should have been given and the causes of high mortality in other places should have been noticed in the reports.

34. *Lighting.*—In 1890-91, 63 towns were lighted at a cost of Rs. 21,948 against Rs. 19,990 expended in 54 towns in the preceding year. Lighting was newly introduced into 9 Municipalities at a cost of Rs. 1,556 as noted below:—

		Rs.

2	Vadigenahalli	93
3	Bowringpet	175
4	Sira	68
5	Ajjampur	180

7	Chapnarayapatna	226
8	Chamrajnagar	306
9	Hunsur	363
	Total.....	1,556

35. *VIII. Public Works.*—The appended Statement No. 6 shows the expenditure incurred on various works executed by the various Municipalities in 1890-91 and the cost paid on account of their supervision, of which the following is the abstract:—

	Items.	Amount.
(*a*)	Supervision Establishment	4,586
(*b*)	Roads, Original	7,317
(*c*)	Do Repairs	45,699
(*d*)	Drains, Original	30,956

(*n*)	Educational Repairs	881
(*o*)	Reserve	4,504
	Total.....	1,30,359

36. (*a*) *Supervision Establishment.*—The amounts debited to this head are as noted in the margin. The increase which is chiefly in Mysore is due to the additional establishments sanctioned during the year. In Birur and Nanjangud special expenditure aggregating Rs. 3,000 and upwards was incurred on important sanitary improvements such as town extension and the construction of drains and latrines.

37. *Water-supply, original.*—The appended Statement VII shows that a sum of Rs. 9,283 was expended on original works for the improvement of drinking water-supply by Municipalities against Rs. 4,127 in the preceding year. It is noted that no details have been furnished for Rs. 5,113 spent by the Mysore City Municipality. Besides Rs. 9,283, an additional sum of Rs. 2,943 was expended for the maintenance of the existing sources of water-supply. It is satisfactory to note that on the 24th December 1890, His Highness the Maharaja of Mysore during his tour of inspection through the Malnad tracts of the Province, graciously sanctioned and started the water works for Chikmagalur which will confer a great boon on the residents of that flourishing and important town. For a similar project, Government promised to grant a loan under certain conditions for the growing town of Birur. Water-supply projects for the towns of Kolar and Chitaldroog are under the consideration of Government and that for Gundlupet had to be postponed owing to non-completion of repairs to the Vijiyapur tank and will be taken on hand as soon as the tank is restored.

38. The details of expenditure incurred on Municipal buildings are given in Statement VIII from which, it will be seen that the outlay during the year under review was Rs. 8,690 or Rs. 263 more than in 1889-90.

39. The works shown under "(*k*) Other works, original" are classified in the margin. (*Vide* Statement No. IX) The grouping of all these works under "(*k*) Other works" was wrong. The following works should have been shown under their appropriate heads as noted below in accordance with para 41 of Government Proceedings, dated 22nd April 1890, No. 906-37—15.

The Deputy Commissioners are requested to see that they are classified correctly in future.

40. *Charitable Grants.*—The expenditure incurred during 1890-91 amounted to Rs. 30,613 against Rs. 25,578 in the preceding year.

41. (1) *Hospitals and Dispensaries.*—The increase under this head was chiefly in the towns of Bangalore and Mysore. The number and cost of the several

Hospitals and Dispensaries maintained from Municipal Funds together with the number of patients treated in them are given in the following abstract statement:—

No.	Municipalities.	1889-90.			1890-91.

	Total.....	59	10,589	...	...	...	...

42. The increase in the number of patients in some of the Dispensaries is reported to be due to the prevalance of cholera in some of the Municipal towns. It is observed that no information is furnished in regard to the number of patients treated in the several Dispensaries of the Kadur District and it is not clear that the figures given for the District of Tumkur do not include the number of patients treated in the Dispensaries, in respect of which no contribution is made by the Municipalities concerned. In the future, the Municipal reports need not show any information under this head in regard to any Dispensary or Hospital which is not maintained partly or wholly from Municipal Funds. Full details should be furnished for every Dispensary maintained wholly or partly at the expense of Municipal Funds. The charges shown under this head do not include the contribution of Rs. 60 payable by the Huliyar Municipality for the Dispensary in the town. The Comptroller should explain the cause of this omission.

43. *Vaccination.*—The Municipalities of Bangalore, Shimoga and Seringapatam alone maintain separate vaccine establishments. In others the work is managed by the vaccination staff employed at the cost of Provincial Funds. The following is an abstract of the particulars of the vaccine operations of the year 1890-91 as embodied in the several reports submitted by the Presidents of Municipalities:—

No.	Names of Municipalities.	No. of Vaccination.	Cost incurred.	Persons vaccinated in 1890-91.			Persons vaccinated in 1889-90.

44. The number of persons vaccinated in the Mysore City and in the Municipalities of the Tumkur and Hassan Districts including the head-quarter town of Hassan, which maintained a temporary vaccination establishment during the year, has not been given and the information furnished in the other reports is incomplete, as they do not show the number of primary vaccination and re-vaccination cases and the number successfully vaccinated. From the statement given it appears that not a single operation was performed in the Municipalities of Malvalli, Hosdurga and Melkote and the number recorded against Challakere is only 7. This is unsatisfactory. The attention of the Presidents is invited to para 44 of Government Proceedings, dated 22nd April 1890, No. 906-37—15, and they are requested to encourage vaccination and to report full details under this head.

45. *Maternity.*—The number and cost of patients treated in Her Highness the Maharani's Hospital at Mysore and by the Midwives employed at Chikmagalur, Shimoga and the District of Chitaldroog are given as noted hereunder, but no similar information has been embodied in the reports in regard to the Maternity at Bangalore and the Midwives employed in the Mysore District:—

No.	Municipalities.	1889-90.	1890-91.	
1	Mysore City	...	*17,473	* Of these, 240 were in-door patients.
2	Chikmagalur	63	73

4	Chitaldroog	†41	†32	† Of these, 10 and 25 were respectively successful.
5	Holalkere	...	1	
6	Kolar	...	74	

46. Two Midwives were sanctioned on 23rd March 1891 for the towns of Closepet and Channapatna. The entertainment of a few more midwives has since been sanctioned for the several Districts. No information is given as regards the cases treated by these latter as they did not actually assume charge of their appointments before the close of the year. From the figures given it is satisfactory to note that the value of the services of trained midwives is being recognized by the people for whose benefit they were employed. The cause of fall in the number of cases treated by the Midwife of Chitaldroog however requires explanation.

47. The charges on account of Langarkhana and Chattram are incurred by the Municipalities of Bangalore and Chikmagalur only and the former town also maintains a ward for incurable paupers and makes grants-in-aid for the orphanages established by the London and Wesleyan Missions at Bangalore. In the Chattram and Langarkhana at Bangalore grain and money doles were distributed among 101 paupers at the rate of Rs. 0—1—8 and 5 seers of rice or ragi each per week and 15,278 travellers were fed. In the Incurable Ward, the number of patients daily fed and treated during the year was 8 on an average. But no similar information is given in regard to the orphanages in Bangalore and the Chattram and Langarkhana in Chikmagalur. The attention of the Presidents is invited to para 46 of Government Proceedings, dated 22nd April 1890, No. 906-37—15, and they are requested to see that full information is given as regards the number of persons benefited in each of the institutions.

48. X. *Education.*—The total expenditure incurred from the Municipal Funds on account of instruction amounted to Rs. 33,246 against Rs. 23,754 in 1889-90 as shown in the Financial Statement No. 2. The bulk of the increase is

due to the transfer of Government Grants-in-aid to schools, to the Mysore City Municipality in July 1890. The Municipal English School and Kannada Boys' School in Bangalore and the Sanskrit Schools at Vadigenahalli and Seringapatam are the only institutions *entirely* maintained at the cost of Municipal Funds. Grants-in-aid are made from Municipal Funds to the Sanskrit School at Sidlaghatta and to a few English Schools established by private enterprise. Municipalities also opened English Schools receiving as Grant-in-aid from Provincial Funds a sum equal to one-fourth the cost of the establishments maintained. The statement given below shows the list of English Schools, fees collected, expenditure incurred, the number of pupils taught, the average attendance and the number of successful candidates in examinations :—

49. The schools of Shikarpur and Siralakoppa were closed for want of a Teacher and paucity of boys respectively and those at Tarikere and Davangere are not in a satisfactory condition. It is to be hoped that steps will be taken to place the schools on a satisfactory footing. As would be evident from the foregoing statement, the information furnished in some of the reports is incomplete. In the future, the Deputy Commissioner is requested to see that full particulars are given for each school especially as to whether it is maintained wholly or partly at the cost of Municipal Funds under the direct control of the Municipality or whether only a grant-in-aid is paid by the Municipality. It is noted that an Industrial School teaching carpentery was started by private enterprise in the Bangalore City but is not in a flourishing condition. The Municipal Board propose to take up the question and see what improvement they can make in this direction for the good of the people. Government anxiously await a report in regard to the action taken by the Municipality in this important matter and will be glad to make a suitable grant-in-aid, if the Board would undertake to place the school on a satisfactory footing. The Deputy Commissioner of the Hassan District recommends the appointment of an additional master and a peon for the flourishing English School at Holé-Narsipur. The matter will receive consideration when a separate communication is made on the subject.

50. *XI. Miscellaneous.*—The details of expenditure under this head are given in Statement No. 10, of which an Abstract is given hereunder :—

No.	Items.	1889-90.	1890-91.
1	Refund of excess collection	707	1,651
2	Cattle pounds	1,056	1,056
3	Gardens	2,299	2,525
4	Rewards to dog and snake-killers	1,132	1,039
5	Transfers	...	170
6	Pension charges	277	86
7	Fairs and Festivals	3,470	3,741
8	Contingencies	46	17
9	Repayments of Loans	1,500	1,500
10	Other Items	12,220	30,092
	Total.....	22,707	41,879

51. *Item* 3.—In the City of Bangalore, a pleasure garden provided with Lawn Tennis Courts under the bund of the Dharmambudhi Tank is maintained by the Municipality for the use of the public and Native Music is played once a week on every Sunday. Gardens are maintained by several other Municipalities but the reports do not show whether they are appreciated by the public. In the future, this information should be furnished and a statement submitted showing the number and cost of servants maintained, the number and description of plants in each garden or plantation and the income, if any, realized from each. During the year under review, Rs. 236 more than in the year 1889-90, were spent by the various Municipalities on account of gardens.

52. *Item* 4.—For the destruction of snakes and dogs, the Municipalities expended Rs. 1,039 in the shape of rewards for persons who killed them, against Rs. 1,132 in the year preceding. The number of dogs and snakes killed is given by the Deputy Commissioners of Tumkur and Shimoga and

		No. killed.			Rewards paid.		
		Dogs.	Snakes.	Total.	Dogs.	Snakes.	Total.
1	Tumkur ...	132	513	645	51	107	158
2	Shimoga ...	216	479	695	35	153	188

the other reports are silent on this point. A statement showing particulars of the kinds of wild animals killed and rewards paid should invariably be appended to each report.

53. *Item* 9.—The total amount debited against this head consists of Rs. 500 and Rs. 1,000 paid respectively by the Kolar and Shimoga Municipalities in repayment of loans granted to them under Government Proceedings noted in the margin, but the payment of Rs. 1,223—10—0 made by the Closepet Municipality in liquidation of the advance made to it appears under a separate head "Repayment of Loans" in Financial Statement No. 2. The system of showing items of the same nature under separate heads is misleading and should be discontinued. All the items should in future appear under one and the same head "Repayment of Loans" and not as a sub-head under "Miscellaneous."

(1) No. 6643-4—168, dated 21st December 1888.
(2) No. 3361-3—122, dated 6th September 1885.

54. *Item* 10—*Other Items.*—A large expenditure of Rs. 30,092 was incurred under this head against Rs. 12,220 in 1889-90. No details have been furnished in most of the reports as required in para 49 of Government Proceedings, dated 22nd April 1890, No. 906-37—15. The omission should be guarded against in future. But from the information furnished in some of the reports, it appears that the bulk of the expenditure is due to the refund of the unexpended balance of the Imprest money with the Amildars on the last day of the year as required in Government Proceedings, dated 15th July 1891, No. 7960-8—163. As already observed under receipts, this system of showing unspent balances as an item of expenditure should be given up and such balances should be adjusted by minus entries in the accounts as directed in para 27 of the first of the Proceedings quoted above.

55. On the whole the expenditure in 1890-91 was Rs. 4,20,619 against Rs. 3,65,701 in 1889-90. There was a gross increase of Rs. 67,156 in 72 Municipalities and a gross decrease of Rs. 12,238 in 25 Municipalities, the net result being an increase of Rs. 54,918. The increase is chiefly under the following heads:—

No.	Items.	1889-90.	1890-91.	Increase.
1	Public Works	1,14,554	1,39,359	24,805
2	Miscellaneous	22,707	43,103	20,396
3	Education	23,754	33,246	9,492
4	Conservancy	84,999	89,904	5,365

and there was a decrease of Rs. 15,228 under "Police," due to the Mysore City Municipality having been relieved of the burden of Police charges.

56. The closing balance on 31st March 1891 according to the Comptroller's accounts amounted to Rs. 2,54,654 against Rs. 2,79,552, which remained on

he corresponding day of the previous year in favor of the several Municipalities. :—

No.	Names of Municipalities.	Balance on 31st March 1890.	Balance on 31st March 1891.
1	Bangalore City	24,635	7,796
2	Mysore City	—5,910	9,745
3	Bangalore District	38,042	39,842
4	Kolar do	51,429	42,480
5	Tumkur do	11'377	1,104
6	Mysore do	56,166	44,051
7	French Rocks		
8	Hassan District	28,721	26,308
9	Shimoga do	25,742	23,527
10	Kadur do	31,886	31,043
11	Chitaldroog do	17,464	182'87
	Total.....	2,79,552	2,54,654

It is observed that the above balance is about 64 per cent of the receipt or 34 per cent in excess of the maximum limit prescribed by Government. In some Municipalities large balances were allowed to be maintained for the execution of projects requiring large outlay and where they are not required for any specific purpose, the balances are being gradually utilized on works of sanitation or other works useful to the towns-people.

57. The Memo of adjustments made in the office of the Comptroller shows that—

(1) The contribution payable by the Huliyar Municipality towards the up-keep of the local Dispensary is left out of account. The omission requires explanation as called for in para 42 *supra.*

(2) The adjustments made in the office of the Comptroller on account of Head Office, Medical and Educational charges were not from time to time communicated to the Presidents of the Municipalities concerned. The attention of the Comptroller is invited to Government Proceedings, dated 24th August 1891, No. 6227-39—L 429, and he is requested to see that the adjustments made are communicated monthly to the various Presidents.

(3) The amounts collected by the Municipality of Sringeri are not credited in the Government Treasury. As under Government Proceedings, dated 10th March 1887, Camp No. 1809 accounts have to be rendered by the Deputy Commissioner, all Municipal collections should be remitted to the Amildar's Treasury at Sringeri and brought on the accounts of the Treasury.

58. It is observed that in the Comptroller's Memo for 1889-90, a remark appears to the effect that the adjustment of Rs. 300 to be transferred from Sargur to Heggaddevankote has been reserved for 1890-91; but this does not appear to have been adjusted in the accounts of the year. The circumstances which necessitated the transfer of the sum from Sargur, and the reason why the adjustment has not been made in the accounts of 1890-91 require explanation.

59. Government notice with displeasure the great delay in the submission of annual accounts and reports. They were due on 30th June 1891, but some of them were not received till so late as February 1892 nor was the information furnished complete. Owing to the change of the official year, the annual accounts for 1891-92 and succeeding years should be submitted so as to reach the office of the Comptroller not later than 1st September and the accounts of the Comptroller and reports of the Presidents so as to reach this Office not later than 30th September of every year. As accounts are submitted to Government both by Presidents and the Comptroller every month with the figures of the previous months of the year, there should be no difficulty whatever in submitting the accounts and the reports within the above dates.

LOCAL BOARDS BRANCH—LOCAL FUNDS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal and Local Funds,)—dated 20th February 1893.

CIRCULAR.

No. 14081-91—L. F. 375-92, DATED, BANGALORE, 20TH FEBRUARY 1893.

The Deputy Commissioners of Districts and Presidents of the several Municipal and Local Fund Boards are requested to submit a copy of the Pound rules and Scale of feeding charges, &c., levied on impounded cattle together with a note of the alterations they would adopt under the new Regulation VIII of 1892, which comes into force on 1st June 1893.

T. ANANDA ROW,
Chief Secretary.

To—The Presidents of the several Municipal and Local Fund Boards.
The Comptroller to the Government of Mysore.

No. 14175-84—L. F. 377-92, DATED, BANGALORE, 22ND FEBRUARY 1893.

ORDER.—Under Government Proceedings, dated 31st May 1889, and 20th May 1892, Nos. 1584-93—Cir. 33, and 2930-9—L. 402 respectively, the absence of a member of a Municipal or Local Fund Board from 3 consecutive Meetings thereof, renders him liable to the loss of his seat on the Board. It is necessary therefore that every President of the Municipal or Local Fund Board should maintain a Register of attendance, regularly note up attendance therein, and refer to it at every Meeting to see in what case, if any, absence is for the third time consecutively. When such absence accrues at any meeting, the President should, while submitting the Proceedings of that Meeting to Government, point out the default, with an intimation that the necessary explanation will be called for and submitted. The President should call for the explanation *suo motu* in every case and with his own views submit the same to Government for orders, without, as at present, waiting to do so only on requisitions from the Dewan's office.

T. ANANDA ROW,
Chief Secretary.

To—The Presidents of Municipal and Local Fund Boards.

READ—

Letter from the Deputy Commissioner of the Kolar District, dated 30th November 1892, No. 1657—380, stating with reference to para 2 of Government Proceedings, dated 1st idem, No. 6098-6106—L. F. 210-92, that the Mysore Service Regulations prohibit the payment of travelling allowance to the Amildars and Deputy Amildars attending the Local Fund Meetings and contain no provision for the grant of any such allowances to non-official Members, who have in some instances to travel more than 60 miles and in whose case absence from three consecutive Meetings entails forfeiture of Membership, and recommending that official Members may be paid travelling allowances according to rules and the non-official Members mileage at 3 annas per mile when travelling a distance of more than 10 miles from the places of their ordinary residence.

No. 14247-55—L. F. 346-92, DATED, BANGALORE, 23RD FEBRUARY 1893.

ORDER THEREON.—Before passing final orders on the above reference the Deputy Commissioners of the other Districts are requested to report the rates of mileage that they would propose in the case of non-official Members for attendance at the Meetings of Local Fund Boards.

Letter from the Deputy Commissioner of the Mysore District, dated 2nd February 1893, No. 1033

No. 14423-5—L. F. 30-92, DATED, BANGALORE, 27TH FEBRUARY 1893.

ORDER THEREON.—The supplemental estimates of receipts and expenditure under District Funds of the Mysore Circle for the year 1892-93 are given below:—

RECEIPTS.

Estimated fees for feeding charges of cattle .. Rs. 386.

EXPENDITURE.

		Rs.
1.	Feeding charges of impounded cattle	386
2.	Remuneration to Pound-keeper	770
3.	Repair of Pounds	200
4.	Purchase of Amrut Mahal Bulls (provision to be raised from Rs 150. to 400)	250
		1,606

2. *Receipts.*—The original estimate of Rs. 3,822 expected from fines and sale of cattle was the net income from Pounds after deducting remuneration payable to Pound-keepers. As a separate provision of Rs. 770 has now been made on the side of expenditure for their remuneration, the estimated receipts have to be raised by a corresponding amount. The income from Pounds will accordingly be raised from Rs. 4,208 to Rs. 4,978.

3. *Expenditure.*—The proposal to raise the estimate under "X. Miscellaneous" for the purchase of Amrut Mahal Bulls and repair of pounds and to enter charges on account of remuneration to Pound-keepers and feeding charges of cattle is sanctioned.

4. The attention of the Deputy Commissioner is invited to Paras 13 and 17 of Government Proceedings, dated 16th December 1891, No. 9945-7– L. 889 and he is requested to submit the information therein called for at an early date.

5. The estimated receipts and expenditure of District Funds of the Mysore Circle for 1892-93 ending 30th June 1893 will be as shown hereunder in abstract:—

			Rs.
(1)	Actual balance on 1st July 1892	...	12,945
(2)	Estimated receipts for 1892-93	...	66,319

(3)	Estimated expenditure for 1892-93	...	77 207
(4)	Estimated balance on 30th June 1893	...	2,057

6. The closing balance is less than 25 per cent of the annual receipts. The Deputy Commissioner is requested to take steps for reduction in the sanctioned charges.

READ THE FOLLOWING :—

Letters Nos. 2014—464 and 2067—487, dated 4th and 9th January 1893, respectively, from the Deputy Commissioner, Kolar District.

In submitting the accompanying copy of report No. 682 of the 1st instant from the Amildar of Mulbagal bringing to notice that a species of insect are ravaging the ragi crops in stacks in his Taluk, I have the honor to request that an expert may be deputed to inspect the affected localities and crops and report the result, suggesting the necessary remedial measures for the eradication of the pest.

2. A few samples of the insects have been sent for, and on receipt, the same will, if required, be forwarded for inspection.

3. The Amildar has been directed to persuade the raiyats to expedite the thrashing operations with a view to prevent further damage to the corn, and in the meantime to burn down the infested portions of the stacks, sprinkling ashes on the rest, whereby the spread of the pest may, to a certain extent, be arrested.

4. With regard to the poisonous effect stated to have been produced in the case of a dog, by the use of the ragi spoiled by the insects in question, I wish to have experiments tried in my presence and have with that object called for a small quantity of the grain taken out of the affected part of the stacks instructing him at the same time to try further experiments with stray dogs in the town of Mulbagal.

5. Orders have also been issued to the Amildars of the other Taluks cautioning them to adopt similiar measures in case the pest should appear in their Taluks.

(Enclosure to above letter).

Letter from C. Sheshadraiengar, Amildar of Mulbagal, to the Deputy Commissioner, Kolar District, No. 682, dated 1st January 1893.

I beg respectfully to report that it has been brought to my notice last evening that the heaps of the ragi crop have been infested with small insects in most part of the Taluk. I went out this morning and examined 6 heaps. In 4 of these, I found a large number of insects about 1 to 2 inches long, and in the other 2, the insects were smaller and are just beginning to appear. The insects are similar in appearance to those found in (Avarekayi) buller. They consume the ragi seeds and leave their refuse in abundance. It is said that the small quantity of the ragi seeds left after being consumed and the grass are rendered poisonous. People say that the like of this, they have not witnessed before.

2. Some of the Patels, and the raiyats who came to Cutcherry yesterday on business told me that they have heard, that the same state of things exist in the Palamanair and Kungundi, Kuppam Taluks, and in the latter Taluk, people have set fire and burnt some of the heaps. I do not know how far this is true.

3. Nagappa, Patel of Vijilapur in the Avani Hobli told me that in his village a small quantity of ragi taken from one of the infested heaps, was powdered, made into ball, and administered to an old dog, the day before yesterday evening and that it died yesterday morning

4. Some of the heaps are entirely infested, and are full of insects, and in the others, they are just beginning to appear. The heaps appear all right, but when we take out bundles and examine them, they are full of insects. People say that thrashing operations cannot go on now. They appear to be much concerned and attribute the misfortune to the will of the Providence and are engaged in worships and offerings. I will institute further enquiries and report.

Letter No. 2067—487.

In continuation of this office letter No. 2014—464 of the 4th instant reporting that the ragi stacks in the Mulbagal Taluk have been attacked by a species of insects, I have the honor to state that further enquiries show that the appearance of these insects which are also to be found in parts of the Kolar Taluk is nothing unusual, though they have come in abnormally large numbers in the current year, and that only their excreta is poisonous. The raiyats have commenced thrashing operations and there seems no necessity for any further action in the matter.

2. Samples of the insects are herewith forwarded in a sealed bottle.

READ ALSO :—

The following letter No. 207, dated 18th January 1893, from the Superintendent, Government Gardens, Bangalore.

With reference to your D. O. letter of the 14th instant, submitting specimens of an insect reported to be committing mischief in ragi stacks in the Kolar District, with the subsequent file of correspondence bearing on the subject, (the latter now returned) I have the honor to offer the following information.

2. A number of these insects were collected by me for identification in 1887, when specimens were also forwarded to Mr. Cotes, in charge of the Entomological Department of the Indian Museum. That gentleman subsequently named the species, and offered a few remedies for its destruction, which I had reproduced in para 10 of my annual report on the Lal Bagh for 1887-88. The above reference is worded as follows :—

" *e* Larvæ of the noctues moth *Heliothes armegera* ? and another allied species not determined. These worms live chiefly on pulse crops and in this part of the country (Mysore) their attacks are mostly directed to the ' Avare ' (ಅವರೆ) or *Dolichos Lablab* which is so important in agriculture."

Writing on the subject Mr. E. C. Cotes makes use of the following remarks :—

" Number 16 contains larvæ of what I take to be two allied species of noctues moths, one being much like *Heliothes armegera*, a cosmopolitan pest and omnivorous feeder, which I have also received from Dhal (Vetch) in Dehra Dun. I should be very glad of observations on its life-history and ravages, besides a series of specimens in all stages of development, which could be obtained by confining the larvæ with their food plant. A large number of experiments have been made on *H. armegera*, in America with insecticides, particularly with Kerosine-emulsions, pyrethrum and compounds of arsenic, with some success. I would compile an account of the experiments, as they would be of interest if the insect turns out to be the same, only I should first like to feel quite certain that it is the same."

3. Except to preserve specimens of the larvæ in the local Museum, I regret that other duties have prevented me from working out the life-history of this insect pest as suggested by Mr. Cotes. I have no hesitation in saying, however, that the specimens received from Kolar are identical with one or other of the two species reported on by Mr. Cotes. Presumably both species are at work in the ragi fields and in the stacks, as the Amildar of Mulbagal refers to "a large number of insects about one to two inches long," while the specimens received are under one inch in length. The field-pulse *Dolichos Lablab*, avare, appears to furnish the natural food of the pest in this locality, as I have often seen these plants covered with larvæ and the presence of the latter in ragi stacks is perhaps due to the mixed system of cropping, and to the transfer of insects at the time of reaping. If such is really the case the simplest remedy would be to suppress the cultivation of avare until the pest disappears, or at least confine it to an exclusive plot.

4. Pests of this class usually prevail during periods of abnormal drought, when the condition of the soil and atmosphere is most favourable to their reproduction, but seasonable rain suppresses their growth and renders their attacks practically harmless. The pest is well known to the raiyats and causes no alarm except in seasons like the past when the rains have been abnormally light.

No. 13980-88—G.3245, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—Recorded and communicated to Deputy Commissioners of Districts for information.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent, Government Gardens, Bangalore.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 16th February 1893.

READ:—

The following Memo, dated 9th July 1892, from the Officer in charge of the State Huzur Treasury.

In submitting the following brief rough sketch of the State Huzur Treasury Establishment from the early times under the Mysore Commission up to date, I very respectfully crave the liberty to solicit kind perusal and favorable consideration of the proposal for revision of the establishment demanded under present circumstances.

In 1831 the establishment consisted of three branches—

1. The Mint.
2. The Cash.
3. The Stamp.

In 1835 was added to it—

4. The English Account Department.

The Mint was abolished about 1843, but the other branches continue although since 1865 the Stamp Department is borne on a separate Pay Abstract.

Her Majesty's Treasury transactions were carried on in the State Huzur Treasury from 1835 to 1884, about one-third of the charges of the English Account Branch being defrayed from the Imperial Revenues.

The strength and cost of the establishment were as follow :—

Till 1863, the establishment was in charge of the Commissioner under the control of one of his personal Assistants. On the appointment of the Deputy Accountant General about this time and latterly Comptroller, it passed over to him.

It has now reverted to the Dewan, the Bakshi being vested with the functions of a Treasury Officer.

When under the Deputy Accountant General, latterly Comptroller, most of the important correspondence and other works were done in the Comptroller's Office with the attendant evil of the Treasury and Stamp Office records being incomplete and the establishment kept ignorant of many procedures and of not sharing the patronage it would otherwise have commanded. The records are incomplete and in confusion. Even the Treasury and Stamp Circulars are not properly filed there.

Two statements are attached showing the scale and distribution of Treasury work in the State Huzur Treasury and in the Resident's Treasury.

On a study of all these, it would be evident that reductions have been carried too far to ensure efficient work.

The Treasury work is unique. On some days there may not be enough work for all but when business rushes in, the same must be promptly attended to, then and there, and closed within a specified time. The available hands are not sufficient to be told off for works which not unfrequently have to be done urgently and simultaneously. In the Account Department, each is saddled with duties which he can ill-afford to satisfactorily discharge. The difficulty and confusion is enhanced when any of them fall sick or go on leave.

In the Cash Branch there are only two Shroffs to attend to both routine daily receipts and payments and the receipt and supply of remittances.

The work in the Stamp Department is increasing with a steady progress, also in the revenue from this source. It requires the constant supervision and direction of a reliable and responsible official. The Sheristadar was hitherto exclusively left for this work. Now that this post has been abolished and he is made a Treasurer, he is unable to give this Department the required amount of attention.

The receipt and check of Stamp returns from the District Treasuries is now done in the Comptroller's Office but this ought, according to rules, to be performed in the Stamp Office.

The Advocates of the Chief Court have complained of the inconvenience they are put to by not being able to obtain Stamps of Rs. 50 value and upwards in the Court premises. The Assistant Superintendent of Stamps in Madras is the *Ex-officio* vendor of such stamps there. If the post of Supervisor of Stamps, which had previously existed, be renewed, that official may be empowered to also sell these stamps.

The Pollegar stipendiary work has devolved on the State Huzur Treasury since 1841, but ne correspondence regarding their claims for the pension, leave, &c., are scattered about in the lesidency Department, Dewan's Office and the Treasury Records, and therefore the business can-ot be satisfactorily performed here, unless all the papers are hauled up, arranged and transferred o this. I would humbly propose that, should there be no objection, only the payment portion of his work may be left to the State Huzur Treasury.

The remedial measure, compatible with economy, submitted in the enclosed proposition tatement will, I hope, be not found to exceed the absolute wants of the Departments in which ne work, as in other offices, is increasing.

The revision involves an additional expenditure of Rs. 103 and Rs. 105, per mensem, in the reasury and Stamp Departments, respectively, but owing to the annual increments recommended, ne immediate increase will be Rs. 152 only, and the maximum scale will be reached, perhaps, in years hence.

This month being the commencement of the new revenue official year, I humbly beg the vor of early orders so that immediate effect may be given.

The old records of the Treasury and Stamp Departments, as well as those of the Pollegar ensionaries, need hauling up and arrangement, and for this purpose, a temporary establishment f three Clerks on Rs. 15 each may be sanctioned for three months, and the Comptroller may be equested to transfer from his records the papers pertaining to the Treasury and Stamp De-artments.

The Madras Government Superintendent of Stamps manufactures the Court fees labels and leceipt labels and impresses bicolor stamps on water-marked papers furnished by us, with the ssistance of a small establishment given him and on payment by contract at so much a thou-and impressions, besides the cost of machinery and materials. At one time, a few years back, he Madras Government peremptorily declined to execute this work, but the incomplete corres-ondence forthcoming on the Comptroller's records does not throw light as to the further decision rrived at in the matter. Other suitable arrangements will have to be made, if the manufacture s to be transferred here.

No. 13847-48—G. 3211, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—Under the circumstances represented in the Memo read above, Government are pleased to sanction the proposals of the Treasury Officer as detailed in the proposition statement, involving in the aggregate an additional expenditure of Rs. 103 and Rs. 105, per mensem, in the Treasury and Stamp Departments, respectively, with effect from 1st proximo (March). The establishment thus revised will stand as follows:—

Government Proceedings Camp No. 33 and No. 4432—261.	2nd April 1889; 6th September 1889.		***Account Branch.***							The establishment after the unfortunate defalcations in 1879, appears to have fallen in the good graces of the Comptroller who was in charge of the same. The shears of reduction were too closely applied without due regard to the convenient and easy despatch of work, the efficiency of which depends upon the facilities afforded for the payment of incoming and outgoing monies, adjustments, and transfers all which should be attended to as they are presented within fixed hours of the day. Patient, steady, careful, and undivided attention is demanded of the Treasury servants though not great talents.

The Treasury being short handed is unnerved when the business grows brisk which is not unfrequent. Much delay, confusion and annoyance have been and are experienced in pushing through the work. There should be provided hands to attend to the several duties without friction and interference.

In my humble opinion the numerical strength which has considerably suffered should be improved with some slight advance of pay of some of the present men. The necessity may be evident on a reference to the old scales of the establishment here and the scale in the Resident's Treasury.

in the same Treasury Book, which is not in the way of correspondence, &c.

The Head Accountant's work is onerous and responsible. The old Head Accountants drew Rs. 200 pay besides being assisted by a Deputy Accountant on Rs. 150 and a large establishment. The pay was in 1880 reduced to Rs. 150 and in 1889 to Rs. 120 (70 to 120) while the amount of supervision and attention to be exercised by him has in no way abated but may safely be asserted to be increasing. The necessity of his being supported by proper establishment and relieved by an Assistant Accountant is forcing itself every day. I also propose that the Head Accountant should periodically check the accounts and returns of the Stamp Department also. I recommend that his minimum pay be fixed at Rs. 100 and the maximum Rs. 130 which latter is the pay of the Resident's Treasury Head Accountant. The changes in the designation have been suggested by the work actually performed and the small increase of pay is considered necessary and will infuse spirit and satisfaction. The two additional Accountants are absolutely wanted to strengthen the Department. The Cash Department Record-keeper may be permanently transferred to the Account Branch with a small increase of pay and put in charge of the English Records of both Branches while the Mutchi may similarly remain in charge of the Vernacular records.

Two Shroffs are utterly inadequate and hence the entertainment of a third in addition to which the Gollars receiving a small increment will be made to count and weigh money as is done in the Madras Bank and to lodge larger securities, viz., Rs. 100 and 75 instead of 50. The Head Shroff will have to exercise due supervision of the shroffing and account work and his security raised from Rs. 500 to Rs. 1,000. Hence the small increase to his pay. The 2nd Shroff is a pretty old man who knows his work well and is hard working, but is unable to keep accounts in the required form. He may get a personal allowance of Rs. 3 per mensem. The 3rd Shroff's security will be Rs. 500.

No. 109—D. H. O., DATED, MYSORE, 27TH FEBRUARY 1893.

ORDER THEREON.—Petitioners Bhima Jois and Bhimachari, Brahmin inhabitants of kasaba Honnali, complain that the Deputy Commissioner of Shimoga has prohibited, contrary to mamul and to the previous orders on the subject, the conduct of the Brahmin Kama procession in the usual manner during the years 1891 and 1892. They pray for orders for the removal of the prohibition as regards the Kama festival of this and future years.

2. The Deputy Commissioner's orders, dated 9th and 16th March 1891, show that that Officer first directed an amicable settlement of the differences between the two contending parties—the Brahmins and the Banajigars—and that when he found that such settlement was not arrived at, he directed each party to restrict its procession to its own street. From certain passages in these orders, it may be gathered that they were issued with the object of preserving the public peace, about the requirements of which, under the circumstances which existed, the District Magistrate was the best Judge. The restriction ordered by him was carried out in 1891 and the Brahmins in 1892 appealed to the Government for the removal of this restriction, but, as their appeal was made just about the time the festival had to be celebrated, it was not possible to issue any instructions to the Deputy Commissioner on the subject so as to be of any use as regards the procession of 1892.

3. As the festival of 1893 is now approaching, the Petitioners have again come up to the Government, asking for the removal of the restriction complained of.

4. The first important order on the subject is that issued by the late Superintendent of Nagar, under date 13th August 1872. It states :—

"The Petitioners may therefore be allowed to carry on their procession as heretofore with strict conformity to mamul. In case of either party exceeding the mamul, such party should be punished, and, if it be found impossible to lay down the rule regarding mamul, the parties must be clearly made to understand, that either the orders of the Assistant Superintendent, or such other orders as the Deputy Superintendent may consider fit, must be obeyed until the contending parties are able to establish the mamul by the decree of a Civil Court."

5. Thus three principles were laid down—

1*st*. Strict conformity to the mamul or long usage.

2*nd*. Punishment of those breaking the mamul.

And 3*rd*. If the rule of mamul could not be ascertained, the same should be established by decree of a competent Civil Court, pending which decree, the parties should abide by any *ad-interim* order of the Local Magistracy.

6. The record contains ample evidence to show that, after 1872, the Brahmins were, for many years, on fairly good terms with the Banajigars and carried their Kama processions through the Petta where the Banajigars resided, and the Banajigars acquiesced in the practice. Neither party, under such circumstances, had the need to resort to the Civil Courts for a decree, in the terms of the Superintendent's Order. About 1884-85, ill-feeling between the two parties arose owing to the objections of the Brahmins to the head of the Sivachar Matt, using certain insignia which he was not entitled to use. The Banajigars thereupon retaliated by raising objections to the Brahmin Kama processions being carried through the Petta, as they used to be till then. Mr. Madhava Rao, the then Deputy Commissioner and District Magistrate of Shimoga, held a very careful enquiry into the matter of these objections and recorded an elaborate order, dated 17th March 1886. His decision was to the effect that the carrying of the Brahmin procession through the Petta was an established usage. The Banajigars themselves admitted such usage and the actual passage of the Brahmin Kama procession through the Petta in accordance with it during several years; but they contended that this was done, not because the Brahmins had any right to do it, but because they (the Banajigars) permitted the Brahmins to do so. Under such circumstances, Mr. Madhava Rao decided that the Brahmins should be allowed to carry their Kama procession through the Petta. In this decision, the Government fully concur, because the passage of the Brahmin Kama procession through the Petta was in strict accordance with the proved usage on the subject, and it was in no way obnoxious to the honest religious feelings of the Banajigars themselves Hindus. The Banajigars cannot, of course, be allowed to arrogate to themselves (for their contention amounts to no less than such an arrogation) the power of permitting or refusing the passage of the Brahmin Kama procession through the Petta according to their own pleasure, to allow it when they are friendly towards their Brahmin neighbours and to refuse it when they are on bad terms with them. The Petta is a public street open to every person or class for every legitimate use, and though the Government is always anxious that such use should be regulated according to manul and the religious sentiments of the inhabitants, yet they cannot tolerate any prohibition or restriction of such use merely for the purpose of enabling one class to gratify its ill-feeling towards another.

7. Mr. Madhava Rao's order of 17th March 1886 was acquiesced in by both parties and was duly enforced till 1891, when the matter came to be re-agitated in the following manner :—

> The arrangement of 1886 made also the very important provision for regulating the Banajigar and Brahmin processions as to time. This was necessary to prevent possible conflict between the two classes. It seems the Banajigars were allowed to carry on their procession till 12 o'clock mid-night and the Brahmins from mid-night to 10 A. M., the next morning. The Brahmins wished to commence their processions two hours earlier on grounds of convenience and asked for permission to do so. Thereupon the whole question which had been giving no trouble during the previous 5 years was re-opened, an attempt was made to get the parties to arrive at an amicable settlement, and when this failed, the present Deputy Commissioner, Mr. Abdul Rahman, made the order, of which the petitioners complain.

8. No practical object will now be served by reversing that order, for, it applied only to the procession of 1891 and was based upon grounds having reference to the preservation of the public peace. But it is necessary to communicate for the Deputy Commissioner's future guidance the opinion of the Government as above recorded on the merits of the particular case now in question, and, at the same time, briefly to indicate to him the general principles on which this and similar other cases should be decided by the local Magistracy.

> (*a*). Where an individual's or a particular class' right to do a thing is proved, it is always the duty of the Police and Magistracy to permit

the due exercise of that right and, where necessary, to protect and safe-guard every person engaged in exercising it.

(*b*). Where, owing to extraordinary circumstances, such protection and safe-guarding is impossible, it then becomes the duty of the Police and Magistracy to prohibit temporarily the exercise of the right.

(*c*). The District Magistrate is bound always to preserve the public peace, even by prohibiting temporarily the exercise of an established right, but the occasions which really call for such temporary prohibition must be very rare indeed in every well administered District, and the prohibition, if resorted to, should be regarded as a purely temporary expedient not intended to last a day longer than really necessary.

(*d*). When, in a town, two rival factions endeavour to thwart and annoy each other, it is a wholesome rule to maintain things *in statu quo* and to require the party which wishes to deviate from mamul to establish its right, if any, in a Court of Justice. This rule was laid down by the Superintendent in this particular case so far back as 1872. If such a rule be not observed by the Executive Officers of Government and if they hastely make a departure from mamul, the party, at whose instance the departure is made, feels that it has secured a triumph, and another party feels humiliated and mortified. The feeling which is uppermost in the minds of the defeated party is that the Government has yielded to clamour, and that it has not acted with justice and firmness. It is dangerous to encourage in the minds of any section of the community a sentiment that the Government is weak or partial. A policy of repression may, for a time prove successful, but it is neither just nor conducive to the public welfare.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

FEBRUARY 1893.

READ:—

Letter No. 461—428, dated 10th February 1893, from the Deputy Commissioner, Chitaldroog, reporting that the appellant in Appeal case No. 64 of 1891 failed to appear before the Extra Assistant Commissioner, though notices were served on him, that therefore no further action can be taken in pursuance of the order of remand, and that the order appealed against will therefore stand good.

No. 14721—PET. 1122, DATED, BANGALORE, 28TH FEBRUARY 1893.

ORDER THEREON.—The Government observe that the above report was unnecessary. As the case had been remanded for fresh decision on the merits, it was for the Deputy Commissioner to record a formal order, disposing of the case in such manner as he deemed proper, leaving appellant to appeal again, if he thought proper to do so.

2. The Vernacular proceedings received with the above letter are returned.

MUZARAYI.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Muzarayi),—dated 16th February 1893.

READ :—

Late Chief Commissioner's Proceedings No. 695—216, dated 16th March 1886, directing that the Amildars or in their absence Sheristadars should, once a year, examine the properties belonging to the temples under Muzarayi management and verify the same with the list, making any necessary additions or deductions therefrom.

No. 487-95—Muz. F. 141-92, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—It has been brought to the notice of Government that proper attention is not paid by the Taluk Amildars and the Sheristadars to the instructions laid down in the late Chief Commissioner's Proceedings read above.

2. The Deputy Commissioners are therefore requested to direct the Amildars in their Districts to examine at least once a year the jewels and other movables in the temples under Muzarayi management and submit a detailed report properly for their Districts at the end of each official year regularly.
